

# 1,2,3 HOME!

## INSTRUCTIONS:

Pick a spot to call 'home'

One person stays and counts to 60 whilst everybody else hides. Then they start looking for those who are hiding.

Everybody hiding has to try and make it 'home' without being spotted. If you make it, shout "1, 2, 3 Home".

The first player caught is the counter next time. If everyone makes it home, the same person counts again.
